# THE MAN-MADE LAW

## A Serious Problem of To-day.

This volume has been placed together, as if it were an omnibus, of the best and most interesting articles on the subject of the law, as it is, and as it should be, in the hands of the people. It is a volume which will be read with interest and profit by all who are concerned with the law, and who desire to know the truth about it.

THE LAW OF THE FUTURE.

### THE FUTURE OF THE LAW

It is not only the law, but the law as it is, that is the subject of this volume. It is a volume which will be read with interest and profit by all who are concerned with the law, and who desire to know the truth about it.

### PART II

### CHAPTER IV

### A Short History

It is not only the law, but the law as it is, that is the subject of this volume. It is a volume which will be read with interest and profit by all who are concerned with the law, and who desire to know the truth about it.

It is not only the law, but the law as it is, that is the subject of this volume. It is a volume which will be read with interest and profit by all who are concerned with the law, and who desire to know the truth about it.

It is not only the law, but the law as it is, that is the subject of this volume. It is a volume which will be read with interest and profit by all who are concerned with the law, and who desire to know the truth about it.

It is not only the law, but the law as it is, that is the subject of this volume. It is a volume which will be read with interest and profit by all who are concerned with the law, and who desire to know the truth about it.
